

Engineering Services Department
City of Frisco, Texas

Memorandum

To: Honorable Mayor Maso and Frisco City Council Members

Cc: George Purefoy, City Manager
Cissy Sylo, P.E., Director of Engineering Services
Elizabeth Metting, P.E., Assistant Director / City Engineer

From: Lori Chapin

Date: 12/16/2008

Agenda Caption: Public Hearing: Municipal Storm Water Utility System and Municipal Storm Water Utility System Fee Schedule.

Action Requested: Public Hearing for the consideration of an ordinance to establish a Municipal Storm Water Utility System and an ordinance to establish a Municipal Storm Water Utility System Fee Schedule.

Background Information: A public hearing is required in order to establish a Municipal Storm Water Utility System and a Municipal Storm Water Utility System Fee Schedule. The City contracted with Freese and Nichols, Inc. on March 8, 2008 to develop a Storm Water Utility System as a funding mechanism for the state mandated Phase II Municipal Separate Storm Sewer System (MS4) requirements addressing storm water quality standards. The next item on the agenda is for Council consideration of the aforementioned ordinances and provides a detailed memo, power point presentation and Storm Water Utility Fee Development Report outlining the necessity for implementing the Storm Water Utility System, fees and rate structure. All public notices required for this hearing have been completed.

Board Review/Citizen Input: None.

Alternatives: City Council could consider the following alternatives:

- Hold Public Hearing
- Continue the Public Hearing providing time for additional input.

Financial Considerations: None.

Legal Review: N/A.

Supporting Documents: The ad that was published.

Staff Recommendation: Staff recommends conducting the Public Hearing and continuing the hearing to the first meeting in January.
